Jackson asked for clarification that there are no local tax dollars that are a part of this. Councillor Adamson said that they are federal grant dollars, and not local tax dollars.

The President called for public testimony at 7:38 p.m.

Mr. Vaughn said that this is a misappropriation of funds being turned over to a private corporation. Communities are already experiencing a loss of programming in the parks, with many of the doors to park facilities locked to children, even during peak weekend hours. He added that programs like this are using federal grant money for other things instead of using them to benefit the poorest children in the community. PROPOSAL NO. 90, 2017. The proposal, sponsored by Councillor Osili, authorizes additional public parking on St. Clair and 9th Streets from the Indianapolis Water Company to Senate Avenue (District 11). By a 7-0 vote, the Committee reported the proposal to the Council with the recommendation that it do pass.

Councillor Mowery asked what defines public parking and stated that it seems there is already adequate public parking along this area of the canal. Alex Beatty, Faegre Baker & Daniels, stated that there are 17 spaces facing south that are open for public use, but some of the retail tenants along the canal are having problems with turnover of spaces. The decision was to put in metered parking so that tenants are not taking up parking spots for days at a time, which will enhance access along the canal for customers of these retail tenants.

President Lewis asked in whose district this parking is located. Councillor Osili stated that it is in his district.

April 10, 2017

Councillor Miller asked if there has been any discussion about including a four-hour parking option. He had the same issue along Virginia Avenue, with people poaching parking spaces for several hours; and four-hour parking limits were installed to address that situation. Mr. Beatty said that they followed ParkIndy's suggestions in this area.

Councillor Adamson moved, seconded by Councillor Scales, for adoption. Proposal No. 90, 2017 was adopted on the following roll call vote; viz:
